Hi Craig,

I got your text in the field today. Here are the XRF results we have collected so far, we have several from the waste piles, from the bottom of the Gladstone Ponds, From the Channel, the Roadway around Gladstone, below the repository, and other locations. The map attached needs some updates I can work on when I get back in office if you would like. I will work on consolidating and polishing the results as well.

Thanks,

Elliott
